Office of the Secretary, Boston, January 31, 1938.

To the Honorable Senate and the House of Representatives:

I have the honor to submit herewith, in compliance with General Laws (Tercentenary Edition), chapter 54, section 133, a report of the number of registered voters in each city and the number of assessed polls and registered voters of each town, at the date of the last city and town elections, and the total number of persons who voted at each such election in every city and town, and in every voting precinct therein, and the number of votes received by each candidate for nomination and for election for a State office in the year 1937, together with other information relating to elections.

RETURNS UNDER THE "CORRUPT PRACTICES" LAW

Since the last report special elections have been held to fill vacancies in the office of Representative in Congress in the Seventh Congressional District (September 28, 1937), and in the Eleventh Congressional District (December 14, 1937).

In compliance with the General Laws, Tercentenary Edition, chapter 55, nomination expense returns were received from forty-one candidates, thirty-four of whom reported no receipts, and twenty-six no expenditures. Total nomination receipts were reported as \$4,822.30, and expenditures, \$11,410.84.

Election expense returns were received from four candidates, all of whom reported no receipts, and two no expenditures. Total election expenditures were

reported as \$869.64.

Returns ..ere received from treasurers of twenty political committees, three of whom reported no receipts or expenditures. Total gross receipts were reported as \$26,828.40, expenditures \$26,549.87, and liabilities \$1,041.31. Of these amounts \$3,435.00 was returned both as receipts and expenditures by more than one committee.

There were submitted to the Attorney General names and addresses of nine candidates who failed to file nomination expense returns, and two who failed to file election expense returns; also the treasurers of eleven political committees who filed no returns.

Respectfully submitted,

December.

	Frederic W. Cook, Secretary.

Number of Assessed Polls, Registered Voters, and Persons who voted at Elections

Apparent inconsistencies in the report may be accounted for, in part, as follows: First. — The number of assessed male polls includes aliens and other persons who are not qualified to become registered voters.

Second. — The number of registered voters includes persons who are exempt from

taxation and therefore are not included in the number of assessed polls.

Third. — Many names of voters on the list at the State election are, by reason of change of residence, erased from the list of voters at municipal elections.
